Drug-taking city waste workers keep their jobs

BY KIRSTEN RAWLINS

kirsten.rawlins@mk-news.co.uk

REFUSE workers have been allowed to continue working, despite having been tested positive for drug use.

Serco, which claims to 'have a zero tolerance approach to the use of banned substances among its staff' has confirmed that six of its Milton Keynes workers have come out positive in random drug tests.

However their contracts remain and they have been 'redeployed to supervised duties'.

The matter is not being handled by the police but is an 'internal investigation' being held by the FTSE 100 public services outsourcing company.

Serco has been Milton Keynes Council environmental services contractor since April 2009 and employs refuse operators, recycling operators and street cleaners.

Mike Boult, managing director of Serco, said: "Serco has a zero tolerance approach to the use of banned substances among its staff, and ensure at all times that the welfare and safety of all staff and members of the public are our highest priority.

"Our standard operating procedures include random drugs testing and we can confirm that, following a recent test at our Milton Keynes environmental services contract, six members of staff have been redeployed to supervised duties pending further investigation."

As reported in MK NEWS last March, five Serco staff were tested positive for cannabis use and were suspended. Three later continued to work for the company.

Serco would not comment as to whether the other two were fired or left.

Mr Boult added: "Since a similar incident earlier this year, we have been introducing more regular comprehensive testing for all members of staff.

"We are determined to address what is an unprecedented situation for a Serco contract."

A police spokesman said: "We welcome the company taking a positive stand against the use of illegal drugs with regular drug testing of their employees.

"We are aware of the internal investigation and will provide any support where needed."

Accused son says he heard of dad's death on TV news

THE high-flying law student accused of murdering his father in Drayton Parslow told a jury he would spend the rest of his life hunting the killers.

As reported in MK NEWS, Mark Alexander, 22, is accused of killing father Samuel before allegedly attempting to burn his remains and hide them under layers of concrete.

He took the stand yesterday to begin his defence, and when asked who was responsible for his father's murder, the well-spoken law and French undergraduate said he 'could not be certain'.

He said: "There are so many missing pieces of the puzzle.

"I do know those people are still out there and I will spend every day of the rest of my life to find out who they are."

But the prosecution said the King's College student murdered his 'controlling' lecturer father before burying him under concrete.

Alexander was arrested on February 5 after police were told by Samuel's neighbours that the 70-year-old had not been seen for five months.

He was later charged when Samuel's body was found buried under four layers of concrete in the garden of his own £500,000 home.

Michael Borrelli, defending the former Rugby School pupil, opened the defence case by asking Alexander if he loved his father.

He said: "He is the only family I have ever had and he was always there for me growing up – he was my mentor, my inspiration. He was always there for me. I loved him, he was all I had."

He denied being involved in his father's death.

When asked if he had burned his father's body he replied: "No not at all. The very idea is sickening to me. To think that somebody could have done that to a person is sickening. It is not natural how they could have just gone on living their lives normally."

Alexander told the jury at first he did not believe his father was dead, and only learnt the remains discovered in the back garden were his father's on television news. He said: "I could not believe what I was hearing. It was so strange to hear. It was like something out of some sort of horror book."

Alexander said in the weeks after the remains were discovered he spent his time wallowing 'half in guilt and half in doubt about what was going on'.

When probed further on what he meant by guilt, he claimed he had said 'grief'.

The jury also learnt it was not until his arrest that Alexander became aware his mother was alive. He claimed his father had told him from the age of six that she had died of cancer.

He also told how he had moved schools a number of times and gone by a number of different aliases over his father's concerns he would be taken into foster care.

Alexander, of Fleet Street, London, denies murdering his father. He also denied unlawfully disposing of his body and two charges of perverting justice.

The trial continues.

Woman found hanged near hospital was inpatient at Campbell Centre

A WOMAN whose hanged body was found near the hospital was named at an inquest yesterday.

Lisa Stout, 41, was an inpatient at the Campbell Centre and was out on unescorted short leave when her body was found.

Milton Keynes General Hospital was alerted to the discovery, on private land in Eaglestone, by police at around 8pm on Thursday night.

Ms Stout was dead at the scene. Police are not looking for anyone in connection with the death.

Hospital facilities director Bob Heavisides said: "We can confirm that we were informed by the police on Thursday night that a body had been found on private grounds near the hospital.

"We understand that no-one is being sought in connection with the death."

The full inquest into her death will be on February 23.

■ THE lorry driver killed in the pile-up on the M1 Southbound last Wednesday has been named as 46-year-old Kevin Armishaw.

Mr Armishaw, from Ditton in Kent, was pronounced dead at the scene last week following a smash involving four lorries.

The accident happened in the early hours of the morning between junctions 14 and 15, completely closing the southbound motorway for several hours.

Mr Armishaw was driving his articulated lorry through a point near junction 15 where traffic had been reduced to one lane following a previous incident.

He collided with the rear of a vehicle in front.

The inquest into Mr Armishaw's death will continue on February 22.

A-levels mirror national pass rates

PROVISIONAL A-level results show MK's schools are in line with the national pass rate at five A* - E, at just over 97 per cent.

More city students than ever have achieved A* to B grades.

Improvement at A-level has risen at a faster rate than the national average, increasing by 2.5 per cent in Milton Keynes, compared with 0.2 per cent nationally.

MK College's MK6 has achieved its highest-ever pass rate of 97 per cent, with 47 of 52 students securing university places.

Eighty students at Walton High achieved one or more A grades, with 27 students having three or more, and 18 awarded the new A star grade in at least one subject.

More than half of students achieved A* to B grades in many subjects and more than 90 per cent of students taking BTEC sports science and applied science gained distinctions.

Meanwhile, 89 per cent of students at The Milton Keynes Academy achieved A*-E grades.

Students at Adult Continuing Education (ACE) achieved their best results for AS level with 97 per cent of learners passing.

Overall 94 per cent of ACE learners passed their AS and A levels with 21 per cent achieving an A or A* grade. Spanish AS level learners were the top group with 33 per cent achieving an A grade.

Ten per cent of Ousedale students gained four A*s or As and two students achieved FIVE A* or As.

This was a record year for results at Denbigh. More than half of those achieved were at the highest grades of A*-B and the overall pass rate was 99 per cent. Nearly 90 per cent of students are going on to study at top universities including Oxford.

Sarah Parker, Denbigh head teacher, said: "It has been a great morning in school celebrating these results. Students, teachers and parents should be proud of what has been achieved."

At Shenley Brook End 27 per cent of entries were at A* or A, of which over seven per cent were A*. Three students attained places at Oxbridge and one at Imperial College to study medicine.

Bletchley's Lord Grey School's pass rate at A2 was also its highest ever at 97 per cent. A* to B grades were 33 per cent - up by nine per cent from the previous year. A* to C grades are also up from 54 per cent in 2009 to 62 per cent this year.

Bury Lawn's students received A Levels at a 92 per cent pass rate and 60 per cent A*-C grades.

Six straight As no good for uni place

BY KIRSTEN RAWLINS

kirsten.rawlins@mk-news.co.uk

A STRAIGHT-A student with six A Levels has been refused a university place.

Flora Morris, 18, studied at MK6 at Milton Keynes College, realised she wanted to become a doctor while she was studying her A-levels in philosophy, psychology, English and law, so returned to do a fast-track full A-level in chemistry and biology.

Flora said: "I applied to do medicine this year, which I know is one of the most difficult to get into, but when I was rejected I felt very disappointed and thought it was a bit unfair. The universities told me it was because I hadn't had enough work experience.

How many people can say they have six A Levels at A grade?': MK6 student Flora Morris

"But I don't see how doing the two things would be possible. If you are serious about your academics, you can't do both.

"How many people can say they have six A Levels at A grade?"

The universities which Flora applied to did not even consider her grades, as she knew she had been declined any conditional offers before the results came out.

She applied to Bristol, Southampton, Sheffield and Liverpool.

Flora added: "I'm hoping to get a work experience placement perhaps at MK Hospital. But even that is proving difficult."

Flora has been on a work experience placement at a care home in Northampton for the past month.

Schools celebrate improved GCSE results

THE city's schools are celebrating as GCSE results improved across the board.

The greatest leap was by MK Academy whose results have gone up by 23 per cent since last year.

Academy vice principal, Mark Duke, said: "It's a massive improvement and shows how hard students and staff worked. It's also really good news that 62 of the top GCSE A* grade were achieved across nine subjects."

Meanwhile, Ousdale's results went up by seven per cent – with more than 50 per cent of students obtaining one or more grade As.

Oakgrove and Denbigh both have had record-breaking years, with Denbigh's results increasing by 10 per cent since last year, and Oakgrove obtaining 10 per cent higher grades than their set target.

Lord Grey School in Bletchley has also had a 10 per cent rise of pupils achieving five A* to C grades.

Parking extortion

SIR – In a recent BBC news article, Cllr McPake stated that the reason why she was changing the parking charging in CMK was because that the rich people get to work early and park in the free spaces and the poor people get to work late and have to pay to park – what an absolute nonsense.

How can she qualify this statement?

She also says that she wants to make parking 'fair'. How do her changes make the system fair?

Previous cabinet member, Cllr Douglas McCall, told us that the reason for changing the parking arrangements was to promote modal shift and to get everyone onto buses and also to help with maintaining the spaces.

Who shall we believe?

The public will be aware that this is another veiled attempt to extort even more money from residents and workers alike.

The Lib Dems are clearly strapped for cash following a multi-year spending spree and money-wasting exercise. When will the fun ever stop?

Labour lemmimgs

SIR – I am writing in regards to the recent visit of David Miliband (MP) in Milton Keynes – the possible future leader of the new Labour party.

A timely reminder of 13 years of New Labour conservatism in which virtual wealth and real debt was created.

The good that was done was certainly outweighed by the bad. He wanted to know why New Labour was not re-elected.

He was surrounded by diehard New Labour lemmings and supported by some union stooges; who have presided over the rights of workers being eroded and sold British workers out to the European Union.

New Labour supporters just don't get it.

The party has cloned itself on the Conservative party.

The current Conservative and Liberal Democrat coalition is only enacting the policies that were in the pipeline had New Labour being elected. That's not to say the policies are right.

Singling out council tenants, the unemployed, disabled and the vulnerable to shoulder the blame for the current mess we're in. The so-called main political parties have become the enemies of the ordinary British people of the country.

Maybe the above should wear a special badge and maybe even a number so they are easily identified and then can be scorned and persecuted in the street. I'm sure this has happened sometime before!

If talk was money coming from the Government about how they would change things for the better for the people of this country, we'd be all rich and there wouldn't be any deficit.

They don't act on the will of the people. They don't listen. The people are the democracy of this country. Governments and politicians would do well to remember it, instead of just election times. What we need is a new political people's party.

Cuts hurt needy

SIR – Response to Iain Stewart (letters last week).

Who does Ian Stewart think he's fooling when he says in his letter that 'the richest 10 per cent paying by far the most' in the cuts being imposed by this Government?

I don't hear the bankers, city bosses or non doms complaining, in fact they continue to award themselves nice bonuses and pay rises.

Every day I read in the papers, both national and local, of cuts being made to basic services and targeting the weak, vunerable and most in need.

When I hear that cutbacks will be across the board and not just for those who have little enough already then maybe I will believe Cameron and his ilk when they say we are all in this together.

Till then its the same old story we have come to expect from a Tory Government and sadly to say their Lib Dem lackeys.

Call to nominate the best voluntary groups

SIR – As the Lord-Lieutenant of Buckinghamshire I called on the county to nominate outstanding local voluntary groups for next year's Queen's Award for Voluntary Service – equivalent to the MBE for volunteer groups.

Nominations for the 2011 Award should be received by 30th September 2010 therefore those who know of the great work or indeed have benefited from a voluntary group's hard work should nominate now.

Voluntary groups in Buckinghamshire continue to play a pivotal role in the community, and many individuals' lives. Recognising their influence is vital and I want the people of Buckinghamshire to express their gratitude to these groups by nominating as many as possible for The Queen's Award for Voluntary Service - the highest honour in the voluntary sector.

Buckinghamshire's volunteers carry out tremendous work across a number of areas such as youth projects, BME and rural community based initiatives and these are the types of groups for which we would like to encourage more nominations.

In June this year, 2 outstanding groups in Buckinghamshire received the 2010 Award from the hundreds of nominations made from across the UK. These groups were nominated by friends, family or members of the public.

In all 850 groups from across the UK - including 11 from Buckinghamshire - have now received The Queen's Award for Voluntary Service since it was created by Her Majesty to mark the occasion of her Golden Jubilee in 2002.

Groups from different backgrounds providing extremely diverse activities have all felt the Award's benefits, which include - attracting more volunteers, increased awareness of the group to potential funders and of course helping to raise morale amongst existing volunteers.

Successful groups will be announced on 2nd June 2011.

Further information can be gained and forms can be downloaded by visiting www.direct.gov.uk/thequeensawardforvoluntaryservice or by calling 020 7781 2397 to request a hard copy.

Film fest thanks

SIR – I would like to say a big thank you to David Foster, The Parks Trust's chief executive and all the staff involved in making the 2010 Open Air Film Festival a great success.

I attended (armed with friends, a picnic and the obligatory bottle of wine) the Saturday night showing of 'Dirty Dancing' and the atmosphere was fabulous.

Everyone cheered when Patrick Swazye said the immortal line 'Nobody leaves Baby in the corner'.

And, the finale caused many of the audience to sing-along and actually do some of their own 'dirty dancing.

On Sunday, I went along again armed with the picnic, etc to see the classic 'Singin' in the Rain'. And, even though it did actually rain, it was kind of appropriate, it wouldn't have been the same sitting in a deckchair without an umbrella.

I am really looking forward to see what is planned for 2011.

MP blind to local civil servants salary scam

SIR – I read with considerable amusement the letter from Mr Ian Stewart, MP for MK South.

Being an American who has lived here in the UK for three decades, and the Thatcher years, it's clear to me that it doesn't matter which of the political parties is in power, both nationally or locally.

Honesty is what is required of politicians and civil servants.

You can't blame any government when it tries to put new money into public services, and it gets siphoned off by politicians and civil servants in the form of expenses and bonuses.

And here goes Mr Stewart trying to protect the status quo.

Perhaps he can explain why more than 50 per cent of council tax goes to pay the salaries and pensions for local civil servants, who in turn tell those same taxpayers that they don't have the resources available to provide the services that they are required to by law.

We all know what happened with the expenses of our MPs and Parliamentary Civil Servants. But nobody raised the question about the expenses of our locally-elected representatives.

In our so-called 'democracy' this information is kept secret. Why?

The people should know how their money is spent.

Here in Milton Keynes, our chief executive and his cronies are being paid well.

I believe that their wage and pension contributions will run into the millions, instead of going into front-line services.

Then you factor-in the non-jobs – civil servants nearing retirement are given the title of manager with no real work who create paperwork, so it seems that they have real duties.

If I can see this scam, the question that needs to be asked is why are MPs and councillors allowing it to happen?

The answer is simple – they either turn a blind eye or cannot see what is in front of them.

If Mr Stewart isn't aware of these goings-on, then the question is – have you elected the wrong person?

Crowds watch Singin' in the Rain in the rain

THOUSANDS of eager film-goers braved the elements over the weekend for free flicks in the park.

Four movies including Finding Nemo and Chitty Chitty Bang Bang were shown at the event in Campbell Park, staged by The Parks Trust.

On Saturday the crowds put up with showery conditions while on Sunday they basked in sunshine, and the evening drizzle only served to add to the experience of Singin' In The Rain.

'Delight' as 303 homes get bullet

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

AN appeal by developers to build 303 homes in Woburn Sands has been rejected, but residents are still not entirely happy.

The outline application to build on the former Nampak plastics factory site by Taylor Wimpey was initially rejected by Milton Keynes Council in December, following a fierce fight by local residents and councillors alike.

Taylor Wimpey then made an appeal to the Planning Inspectorate to try and reignite the plans.

An inquiry was held at the end of July and the decision made last Thursday.

In a report of the decision, the inspectorate said the high proportion of proposed flats to houses was not in keeping with Woburn Sands, particularly as flat owners tend to be more transitory.

It also said there were too many four-storey buildings that would 'have a harmful effect on the character and appearance of the site and the area surrounding it'.

Cllr David Hopkins of Milton Keynes Council said: "I think it's fair to say everybody is delighted. This shows there is now proper democracy for local planning and application decisions.

"The site was first identified in 1980 as a brownfield site for housing, so we knew for 30 years we would have applications here.

"But the large, 303-home application was completely out of the blue with no consultation, and was completely inappropriate and outrageous for the area."

But a simultaneous appeal made to build 112 dwellings on an adjoining site, part of Taylor Wimpey's 'Phase Three' development, has been upheld, meaning Woburn Sands Town Council has mixed thoughts.

Jacky Jeffreys, spokesman for the town council, said: "On the whole we are pleased.

"We're disappointed the Phase Three development will go ahead as per Taylor Wimpey's application, but we are extremely pleased the inspector threw out the rest of the plans.

"An increase in dwelling numbers in Woburn Sands exceeding 50 per cent is too much for us to absorb while retaining our character and identity.

"The planning inspector stated that the number of flats should be reduced, and that is very important.

"People who stay in flats tend to be more transistory in nature and don't become part of the community.

"We totally accept this is a brownfield site for development, but it just needs to be in keeping with the character of the town.

"We are happy to continue to discuss the developments that may occur in the future with Taylor Wimpey."

A Taylor Wimpey spokesman said: "Overall we're very pleased with the outcome of the planning appeal, with the inspector now being in favour of the majority of our reasons for appeal. This means that we can now start to develop Phase Three of the former Nampak site.

"We will take on board the inspector's comments regarding the outline planning application for the rest of the site, and submit a new application in the near future."

Woman is bailed after arson arrest

Man in hospital following first-floor flat fire

A 42-YEAR-OLD woman who was arrested following a flat fire that left a man in a critical condition has been released on bail.

Firefighters were called to the blaze in a first-floor flat at Kilgour Court, Bassett Road, Leighton Buzzard just after midnight on Sunday morning.

Two firefighters had to enter the smoke-filled apartment to rescue the 54-year-old man who was unconscious in the lounge.

He was taken to Luton and Dunstable Hospital before being transferred to the specialist burns unit in Chelmsford Hospital, Essex, where he is being treated for 35 per cent burns and smoke inhalation.

He was due to undergo operations yesterday to treat his injuries.

The woman was later arrested on suspicion of arson, and has been released pending further inquiries until September 3.

MP on tour in mobile surgery

GO visit your MP – in the back of his people carrier.

Mark Lancaster, MP for Milton Keynes North, is taking a three-day tour of more than 20 locations to speak to as many residents as possible in his mobile surgery.

From Wednesday, September 1 until Friday, September 3, Mr Lancaster will park up in villages and towns across the region, starting in Weston Underwood and finishing in Newport Pagnell.

It is the sixth consecutive year he has taken to the streets with his mobile surgeries to see and hear what is going on in rural communities.

He said: "People often think they have to go and see their MP, but going out to people in their home towns and villages ensures everyone has access to their Parliamentary representative.

"I have really enjoyed doing these mobile surgeries and they are a great way of ensuring the smaller communities are not neglected. After all, I am constantly pushing for better services for our rural neighbourhoods and this is the ideal way of finding out what people want."

For those who cannot make the mobile surgeries, Mr Lancaster continues to conduct surgeries throughout the year at the Civic Offices in Central Milton Keynes.

Cancer patient says: 'Don't give up - there's still hope'

BY KIRSTEN RAWLINS
kirsten.rawlins@mk-news.co.uk

A CANCER patient whose brain tumour was shrunk by a 'wonder' drug is telling his story to give others hope.

Paul Martin Hadrill, 39, of Meadowsweet, Walnut Tree, began taking temozolomide in April.

Mr Hadrill said: "The reason I wanted to do this was because I wanted to give something back, to tell people diagnosed with brain cancer that there is still hope, and not to give up.

"When I was first diagnosed with a high-grade astrocytoma brain tumour in 2006, I hid away from the world. I was scared and couldn't help but ask 'why me?'.

"I first experienced tremors when I was driving in 2005, and that's when I went to the hospital and was eventually diagnosed.

"I then had radiotherapy which I reacted well to. This gave me excellent quality of life for five years, until my cancer came back earlier this year."

Paul's was now was in palliative care – his condition was terminal.

"This obviously changes your outlook on life. I couldn't have any more radiotherapy, because I'd had as much as I could without causing more harm than good. This drug was my last hope."

Paul, who also sufferers from diabetes, said he believed that the radiotherapy treatment was not allowed to fully function, as he had not kept himself healthy.

Paul is still at work and says that if he couldn't work it would destroy him, especially as the first thing he lost with the cancer was his driving licence.

He added: "It's so hard to maintain diabetes normally, but with cancer as well, its so, so difficult. It's really important to keep healthy when you're undergoing any form of cancer treatment. And now I'm the healthiest I've been for a long time – and this drug is working wonders.

"When I went for a brain scan, we saw the drug had reduced the tumour, even the oncologist was surprised. It's as if the drug was made for me.

"There are obvious side-effects, but there's no long-term liver damage, for example, as there are with so many cancer treatments.

"If you have cancer, whether you've only just been diagnosed, or if you're a long-term patient, don't give up. There's still hope."

Paul said he was determined to give something back now, and to 'his bit' for Cancer Research UK, as it completely funded the development of Temozolomide.

He is taking part in Get On Your Bike MK 2010 to raise funds for the charity.

A leap of faith for skydive designer

A HIGH-FLYING graphic designer took a leap of faith to raise money for charity.

Josephine Reynolds, 27, from Coffee Hall, jumped out of a plane at 13,000 ft to raise money for mental health charity Mind.

She said: "I knew if I was out of the plane I would be alright, because there's no going back from there. I was fine waiting to jump out at the door, but the first 30 seconds of freefall scared me to death."

But it was worth overcoming the fright at Hinton Skydiving Centre near Oxford, as she has now raised £500 for the worthy cause.

Police warning on car sat nav thefts

SAT-NAV owners are being warned to stay alert after a spate of car break-ins.

Fifteen sat navs have been stolen from vehicles across the city in the last two weeks and eight of those were stolen in the last four days.

On one occasion a sat nav was concealed in the glove compartment of the car but the thieves smashed the window and stole it anyway.

Neil Goodridge, vehicle crime reduction adviser, said: "We have seen an increase in these types of thefts over the last few weeks.

"Our advice to motorists is simple – do not leave sat navs or any other items in your vehicles when leaving it unattended.

"Hiding items in the glove compartment is not a deterrent.

"Make sure you remove the sat nav and the holder from the vehicle and wherever possible wipe away any marks on the windscreen left there by the sat nav holder.

"Don't leave anything in the vehicle which may attract the attention of a passing thief."

Police recommend:

- Lock your car and close the windows
- Park in a safe well lit place
- If you have a drive/garage use it
- Don't leave keys in your car even if it is unattended for a few seconds.

David Miliband with Labour Party members Brian White and Kevin Wilson at Woughton Parish Council Centre

Labour leader candidate drums up support

LABOUR Party leadership candidate David Miliband visited Milton Keynes last week to rally support for his election.

The former foreign secretary visited Woughton Community Council, Netherfield, on Thusday to discuss local issues with parish councillors before going on to Farmborough Meeting Place.

Mr Miliband said: "I want to speak to the community, so that I may understand how the new Government's policies are affecting local people.

"I'm here to talk to the Labour Party members about the party and to the local community about the future of the Labour Party.

"It's important to speak to the people who voted for us, but also the the people who didn't.

"We received a good kicking in the election and will have another kicking if we don't listen to the interests of the people.

"We have to get back on peoples' side and understand why we lost the election. The first thing we have to do is listen. I think we have to be about how Britain has to change, not just the party."

He was keen to promote the ways in which the Labour Party could help the local people.

Mr Miliband discussed concerns within the community such as housing funds for young people, and spoke to the MK ME Group.

Police seek couple whose dog bit boy

A COUPLE are being asked to come forward after their dog bit a 13-year-old boy.

The boy was injured when he rode his bike home on Byrd Crescent, Old Farm Park, past a couple walking their dogs when one dog jumped up and bit the boy's leg. The couple asked if he was okay and told their dog off.

The incident happened at around 5.30pm last Thursday.

The couple are white. The man is aged around 40, of medium build, has short dark-coloured hair and was wearing glasses and a dark green coat. The woman is aged around 35 and of medium build, has short blonde hair and was wearing a red coat.

The dog which bit the boy is grey, of a slim to medium build and has a short coat. The couple also had a small, mainly black Chihuahua.

PC David Williams, investigating, said: "I would like to trace the owners of the dogs to give them the appropriate advice and support to ensure that this cannot happen again. I urge the couple to come forward and ask anyone who witnessed the incident who recognises the description of the couple to contact me."

Anyone with any information should contact PC Williams at Milton Keynes police station via the 24-hour Police Enquiry Centre on 0845 8 505 505.

If you do not want to talk to the police, call Crimestoppers on 0800 555 111.

Painting honours fundraising mason

Doreen and Ray Reed flank Peter Moody and Peter Harborne with the oil painting

A FREEMASON who has helped raise millions for a children's charity has been recognised for his efforts.

Ray Reed, head of Bletchley and Bucks Freemasons, was presented with a oil painting to honour the initiative he started five years ago to raise cash for the Royal Masonic Trust for Girls and Boys which helps bereaved children and buys high-tech equipment for hospice kids so they can stay in touch with their friends.

Peter Harborne, assistant head of Bletchley and Bucks Freemasons, said: "Ray's hard work and vision has been testament to our principles of friendship, decency, and charity. It was only thanks to his drive, charm, and focus that we have been able to consider such an amazing achievement, given the state of the economy."

Ray said: "The heroes of the initiative are the members of our groups who meet at the Masonic Hall, Queensway, who have joined with their colleagues throughout Bucks to raise such an impressive amount. I will treasure the painting always.""

Representatives of the 3 800 freemasons in Bletchleyand Bucks presented him with the oil painting to mark his work in raising the money.

Clamping law change welcomed by city MP

Private clampers outlawed

LEGISLATION to outlaw rogue car clamping has been welcomed by one of the city's MPs.

The Government has recently abolished wheel clamping on private land in England and Wales and this ruling could be in place as early as January next year.

Iain Stewart, MP for Milton Keynes South, said: "I am glad that this decision has been made. Rogue clampers have been a big problem in the Bletchley area of my constituency. I have only just written to a Birmingham-based operator regarding an incident involving a constituent near Stephenson House.

"People often don't know that they are parking on private land as the signs are not visible and the release fees requested by these companies are exorbitant.

"It doesn't help either that their staff are often aggressive towards members of the public.

"I accept that owners of private land need to protect their property but I think ticketing is a much better option as this falls under the supervision of the Transport Ministry."

Slash-signed guitar just under £1,000

A LIMITED edition guitar has taken star position among the other instruments at Hollywood Music in Stony Stratford.

The Appetite for Destruction Gibson Les Paul is named in honour of the 1987 album that catapulted Guns n' Roses, and their guitarist Slash, to international stardom.

Signed by Slash himself, the guitar is one of only 100 worldwide, an exceptionally small number for a signature edition.

The remarkably limited number of units available is reflected in the price tag of £9,995.

Cops put on safety course for bikers

MOTORCYCLISTS are being offered the chance to learn safer riding techniques used by trained police motorcyclists.

Milton Keynes Advanced Motorists (MKAM) in partnership with Thames Valley Police Roads Policing department will be running a Better Riding Course in September to give bikers a better understanding of how to stay safe on the road.

The course will start on September 9 and will include five weekly evening sessions from 7.30pm until 9.30pm. On October 9 there will be an opportunity for riders to be observed by a police motorcyclist and receive feedback.

The aim of the course is to teach safe and defensive riding techniques using film, roadcraft, the police drivers' handbook, and the Highway Code.

Rod Hardie, a retired officer with many years' experience as a traffic police motorcyclist, and currently the chief observer with MKAM will be presenting the course along with serving officers and other observers from MKAM.

Rod said: "This is a great opportunity to benefit from the experience of some accomplished motorcycle riders. We will use presentations and videos to demonstrate practical tips and techniques on how to stay safe as well as share and learn from each other experiences."

For more information and the chance to win a new Yamaha motorcycle visit www.mkadvancedmotorists.org.uk and click on the Bike Section. Alternatively, contact Rod Hardie on 01908 686176 or e-mail rod@mkam.co.uk for course details.

Jerseys make a splash at open farm

FAMILIES can now watch cows being milked after the opening of Mead Open Farm's new milking parlour.

The scaled-down version of a real dairy farm activity will take place daily at 4.30pm.

The milk is used to feed calves, Peanut and Olly, both born in July.

The farm's owner, Matt Heast, said: "Our Jersey cows Clover and Daisy were both born at Mead Open Farm in 2008 and star in this brand new activity.

"We are always looking for new things to add and cow milking is a fun and interesting activity to watch."

MP shows interest in new way to bank

City's credit union celebrates five years in business

A FRESH approach to banking that is taking off in the city has been praised by MP Mark Lancaster .

He went to visit Milton Keynes Credit Union, based in Wolverton Square, to find out how the financial co-operative works.

After five years of operation, MKCU, staffed largely by volunteers, offers its 380 members the chance to save and borrow.

During his visit, the member for Milton Keynes North was told about the loan sharks who target vulnerable residents, offering them instant cash with exorbitant repayment rates.

Doorstep lenders often charge an annual percentage rate (APR) of 270 per cent or more, whereas not-for-profit MKCU charges 12.7 per cent.

Mr Lancaster said: "After the collapse of the UK's financial system and the sinister tactics of doorstep lenders, people are rightly suspicious of the financial sector. That is why MKCU is so great, heralding a new age of banking.

MK Credit union volunteers Peter Hughes, Philip Turnbull, Janice Miles and Terry Calvert flank MP Mark Lancaster

"It discourages wayward borrowers, while encouraging saving and giving local people a safe place to keep their money."

Recently the Government pledged a commitment to helping credit unions expand.

They are open to all, but offer particular assistance to those who have a poor credit history, are on benefits or have been previously refused by high street banks.

Mr Lancaster promised to promote the work of the credit union and encourage the involvement of local businesses.

He added: "Micro-finance schemes like this have a history of success across the world because borrowers feel accountable to their neighbours. This is borne out by the successful payback rate.

"Milton Keynes is the perfect place for such bottom-up, community-led projects and I hope to see MKCU develop even further."

Building work at Crownhill crematorian

Chapels named

THE two new and existing chapels at Crownhill Crematorium have been named thanks to more than 100 suggestions from residents.

The existing chapel will be named 'Willow', with the new one, due to open in Spring 2010, called 'Oak'.

This will feature an oak interior which will mirror the large oak tree at the rear of the building next to the remembrance promenade.

As part of the building works, Milton Keynes Council's landscape team is creating a natural wildlife and landscape setting incorporating formal gardens, woodland trails and water features to provide a variety of reflection choices.

A Japanese garden will be visible from a glass panel inside the 145-seat chapel to provide a natural space for remembrance.

Councillor Mike Galloway, cabinet member with responsibility for the crematorium, said: "I am delighted that the woodland setting surrounding the new chapel at the crematorium is building on Milton Keynes' green image and that a name has been chosen in keeping with this theme.

"As a growing city it is important to provide new facilities accessible to all in a diverse community, whilst ensuring that we are creating sustainable environments for the natural wildlife."

An artist's impression of the Japanese garden will be visible from inside the 145-seat chapel

"DISCOVER WHAT I KNOW... AND STOP WORRYING ABOUT MONEY!"
Robert Kiyosaki

I believe what is happening to our economy right now is NOT a "normal" cycle, but a radical change that could wipe out the Middle Class and leave us with a society of only rich and poor.

DO YOU WANT TO BE RICH OR POOR? NOW YOU HAVE THE POWER TO CHOOSE

I'm Robert Kiyosaki, financial educator, entrepreneur, investor and author of the best-selling book on finance, Rich Dad Poor Dad. In my most recent book Rich Dad's Conspiracy of the Rich: The 8 New Rules of Money, I've outlined the reasons why the economy will get worse - and how hard times can be an opportunity to build wealth.

DON'T PANIC – GET PREPARED

The current state of the economy is really your biggest opportunity because most people just give up. And the playing field is left wide open to people who understand "The New Rules of Money."

The winners will be people like you. That's what my Rich Dad Education™ training team will show you at a FREE "LEARN TO BE RICH" Event.

out & about this Bank Holiday

What are 'bank' holidays?

British bank holidays are Public Holidays and have been recognized since 1871. The name Bank Holiday comes from the time when banks were shut and so no trading could take place. There is currently a total of 8 permanent bank and public holidays in England, Wales and Scotland. Even though banks are still closed on these days, shops, pubs, restaurants, museums and other public attractions remain open. In Milton Keynes and the surrounding areas , there is so much on offer over the Bank Holiday weekend that will keep you and your family amused whatever the weather!

SIMON DARNELL

U SMILE
Justin Bieber

DIDN'T have much choice really, after all if I didn't smile while I was listening to this I'd have been crying.
What we have here is a mid-tempo piano ballad with roughly half the personality of a cornflake.
It's thoroughly predictable, doesn't have anything interesting to say and if the colour beige had a sound this'd be it. Still, on the bright side primary school discos will have something new to play next term.

(STILL A) WEIRDO
K T Tunstall

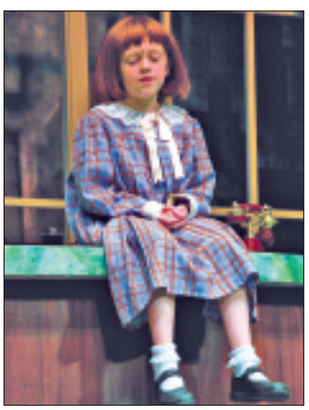
THIS is meant to be a nice, relaxing song; you know, the sort that you don't really need to think about.
The kind of tune you can have playing in the background while you're chilling out / having a bath / plotting a mutiny / trying to sleep (delete as appropriate).
In fairness, all the right ingredients are here and then some... and unfortunately, it's the 'then some' that ruins it.
It's all very gently played; there are acoustic guitars, whistling, a pace so slow it'd lose a race with a glacier, and if that was all there was to it then that'd be fine.
I wouldn't be able to say I liked this song myself, bit too gentle and easy-going for me, but at least I'd be able to say that it does the job it was designed to do.
So, who had the bright idea of whacking what sounds like the world's most repetitive fit of hiccups not only into the song, but all the way through it? Whoever it was, they really shouldn't have done that because it's incredibly distracting and it wrecks what would otherwise be a perfectly serviceable tune.
The best way to describe this song would be 'epic fail', I think.

ALWAYS LOVED A FILM
Underworld

BLIMEY, was it really 14 years ago that Born Slippy was in the charts?
Yes, apparently it was, so really you'd expect Underworld to be getting on in years and taking things a bit easier by now, wouldn't you?
'Taking it easy' doesn't seem to be in Underworld's vocabulary though, because this is storming stuff. Uplifting, joyous and well worthy of repeated listens. In fact, if you ask me Underworld seem to be making better dance music than a lot of people half their age at the moment.
Don't know if that's extremely good news for them or incredibly embarrassing for the others, but there you go.

MK THEATRE 0844 871 7652

ANNIE
Tuesday, August 31 to September 4.
THE family friendly rags-to-riches musical Annie will be at Milton Keynes Theatre for only one week. The tale tells of plucky orphan Annie's quest to find her real parents and foil the dastardly plans of Miss Hannigan and her evil brother Rooster.†
Su Pollard reprises her role as treacherous Miss Hannigan and David McAlister makes a return as warm hearted businessman Oliver Warbucks who Annie stays with. Featuring on Broadway, Annie has won nine Tony Awards and includes songs It's a Hard Knock Life, Easy Street and Tomorrow. Along with brilliant visual choreography and funny script this is †heart-warming contemporary classic.†



BLUES BROTHERS
Monday, September 6 to 11 .
THE legendary original tribute to the Blues Brothers comes back to the UK.
Featuring original members from the West End run, the all new show brings you those amazing favourite moments and songs with a few new twists, a few new moves and a clean, freshly laundered suit.
The boys are joined by the sassy Bluettes, three amazing ladies with voices to knock you off your perch.
So dig out the sunglasses and pork pie hat, buff up those dancing shoes, and please remember that no matter who you are and what you do to live, thrive and survive there are still some things that make us all the same. You, me, them, everybody, everybody!

HERITAGE OPEN DAYS

Thursday, September 9
to Sunday, September 12

THERE are so many fantastic free events and fun activities for families of all ages during the Heritage Open Days – 48 to be exact.

You will be spoilt for choice and may need to take to your bikes to get round them all.

However with four great heritage cycle trails and the Millennium Cycle Trail to help, the weekend promises to be a great way to see the important and unique heritage Milton Keynes holds.

Co-ordinated by MK Council together with the Milton Keynes Heritage Association, the Parks Trust, Destination Milton Keynes and Make a Difference and supported by organisations large and small, the challenge for residents is to love your locality and get out there and explore.

For people already competing on the Cultural Decathlon challenge, Heritage Open Days is the final weekend to get their missions completed to enter the prize draw.

Heritage Cllr Chris Williams said: "Following on from the recent Cycle MK challenge, here is another opportunity for people to cycle or walk to explore what Milton Keynes has to offer, I must congratulate all the event organisers for coming together to demonstrate the fantastic and unique heritage we have."

Venues open for free include Bletchley Park, Milton Keynes Museum, Bradwell windmill, MK City Discovery Centre, Artworks at Great Linford, Westbury Artists Studios, Rectory Cottages and Cowper and Newton Museum.

And with other walks, talks, exhibitions and events going on there is something for everyone.

■ To collect your Heritage Open Days or Cultural Decathlon brochures visit the Discover Milton Keynes Shop at 672 Silbury Boulevard on the outside of thecentre:mk, near Door 7 and Crown Walk or print information from www.mkheritageopendays.com

Heritage cycle trail leaflets and the Cultural Decathlon brochure can also be downloaded at www.milton-keynes.gov.uk/heritage

STOWE **LANDSCAPE GARDENS**

OUTDOOR CINEMA

August 28-20
Grease, Saturday
Top Gun, Sunday
Mamma Mia, Monday

ACROSS three lazy summer evenings something very special will be coming to Stowe Landscape Gardens.

Song, drama and some serious retro fashion will come alive in the gardens and echo through Capability Brown's Grecian valley.

As dusk settles the National Trust invites you to experience Hollywood in the great outdoors.

Each night over the Bank Holiday weekend, from 28 to 30 August, Stowe will show three Hollywood blockbusters on the big screen. Set against the outstanding backdrop of the Temple of Concord and Victory, visitors will be welcomed into the gardens, after closing time, to sit back and relax with a good film.

For those in need of a summer time pick-me-up there is Mamma Mia (PG), which tells the tale of one girl's search for her long lost father in the lead up to her wedding. Starring Meryl Streep and Pierce Brosnan, the mayhem unfolds to ABBA soundtracks and is guaranteed to get your toes tapping.

If a nostalgic classic is what you're after, try the ultimate 'girl meets boy' in Grease (PG) and get the hair gel and pink jackets at the ready. John Travolta and Olivia Newton-John entertain with this timeless classic filled with hit songs to excite all the family.

Lastly, let the 80s return and the testosterone fly with Top Gun (15) and see Tom Cruise at his fighting best. Maverick (Tom Cruise) and Iceman (Val Kilmer) take to the sky to prove that they have what it takes to be the best in this action favourite.

Whichever night you choose, Stowe's outdoor cinema is sure to be a unique evening for you and your friends or family. Sit back and relax with a glass of wine and a dinner time feast and let us whisk you away to Hollywood - a perfect night out with film favourites to delight audiences of all ages. So pack your picnics and get your deck chairs at the ready, because this is going to be a film night to remember.

Tickets: Adult £8. Child £4. Family £20. (two adults, rwo children).

Please note that only adults are able to attend the showing of Top Gun due to its 15 rating.

FROSTS **GARDEN CENTRE**

Get hot to trot at Frosts' three-day chilli festival

THE summer might be nearly over, but there'll be plenty of heat at Frosts in Woburn Sands this August Bank Holiday.

They will be presenting their very own Chilli Festival where you'll be 'transported to Mexico' for an extravaganza of entertainment spices.

You will be able to admire and choose from over 20 different types of chilli plants - all individually rated from 1-10 in 'hotness'.

All of Frosts' chilli plants are naturally home-grown in their nursery at the Woburn Sands site and are of the freshest quality ready for customers to try.

If that doesn't have you hopping from toe to toe, a live traditional Mexican band will certainly put the spice into your step.

While you're dancing amongst the flora, sample Frost's home-grown-home-made chilli chutneys and or the chef's freshly prepared chilli specials.

Or for something extremely different, why not try the chilli-flavoured ice cream?

The Chilli Festival runs over three days between 10am-4pm and is completely free for everyone.

Exams are over - so it's back to the future

PHEW! The news may have been good or it may not have been what you'd hoped for but for now at least, exams are over, the results are out and the future beckons.

Your future. And whatever grades you have achieved, there's a world out there waiting for you to make your mark on it.
If you are lucky enough to have a college or university place assured you'll have plenty to occupy your time sorting out your finances, where you are going to live and what you'll need to take with you.

On the other hand, if your results didn't match up to expectations and your original offer has been withdrawn that is where the Clearing system comes in very useful (www.ucas.com). As long as you are flexible and your exam results are reasonable, there is still a good chance you will find another course.

Apprenticeships, once the most popular route into a trade or career for school leavers, are making a comeback. In the 21st century these government-backed training schemes provide a structured learning route within a working environment.

Apprenticeships are a great way for motivated people aged 16+ to 'earn as they learn' and for employers to identify skilled and talented employees.

> Even if you're in full-time work, it's worth checking to see if you can take time off for study and training.

If you need time to think then a gap year will give you the chance to earn some money, broaden your experience of life and make you more attractive to a university than a simple set of A level grades.

Just remember that everyone's career path is unique; give yourself the time and space to make the right choice now and you won't regret it in 20 years time.

language colleges

St. Paul's Catholic School is a Specialist Science College, a Specialist Language College and Training School. This specialist status is enabling us to develop new and exciting teaching and learning approaches and provide further opportunities for all pupils to have a better experience in Maths, Science and Modern Foreign Languages in the form of educational trips and visits and guest speakers.

The specialist status is also allowing us the opportunity to consolidate our links and support with other schools in Milton Keynes.

We have already established a range of links with local industry and would welcome the opportunity to forge closer links with local and international businesses. If you feel that your company could play a part in giving students varied and exciting learning opportunities for learning then we would like to hear from you.

Please email us using the following addresses:
helen.tomlinson@st-pauls.org.uk or
Catherine.manley@st-pauls.org.uk
and we would be delighted to discuss this further.

In our role as a Specialist Science College we have hosted a series of Public Understanding of Science lectures throughout the year which have provided opportunities for those attending to: come face to face with a meerkat, learn the many uses of a UV-light, know what happens to their brain while solving some algebra and how to avoid an accident on land or air. The wide range of topics covered have inspired a variety of probing questions from audiences including, from a student, '*Why does my head ache when I am completing my homework*?' Lectures have been well attended this year, and an exciting and varied programme is planned for the coming year.

Future lectures will be held at St Paul's on the following dates:
30 September and 25 November 2010; and 27 January, 17 March, 5 May and 23 June 2011.

Is Distance learning for you?

Distance learning has long been an alternative option for people who, for whatever reason, can't physically go to university.

The number of adults under the age of 25 reserving courses for this year at the Open University, Britain's part-time university based in Milton Keynes, has increased by 20 per cent since last year. There are now 29,000 OU undergraduates under the age of 25, of whom 55 per cent are in full-time employment.

Right start right choice

Think about it.

You are shortly to set foot into a totally new workspace; almost everybody is bigger than you and you are expected to tackle tasks that you've never attempted before. Feeling a little bit nervous?

So how do you think your four or five year old is feeling at the prospect of starting school?

The good thing is, that by taking just a little time and trouble, you can do everything in your power to make it a stress-free, enjoyable experience.

Most schools have open days or evenings which give you the opportunity to tour the site, meet staff and have a look at children's work. While you are there, ask yourself: how welcoming the school feels, and whether you are impressed by the children's work on display. Find out where pupils do sport, and if the school is well-resourced.

What will the journey to and from school be like for a small person?

Children can get tired on long journeys, and winter mornings and evenings can be dark and cold so the safety of the route, the suitability of transport and the distance from home are all things to be taken into consideration.

League tables and Ofsted reports are important and of course you want your child to have the best education possible but there's more to it than that. You need to find the right school for your child; one in which they will learn but also in which they'll thrive and, most important of all, be happy.

Ofsted Outstanding 2009|2010

The Hazeley: putting the learner first

This September, The Hazeley School celebrates its five-year anniversary since first opening with just two year groups, years 7 and 8, in 2005.

Throughout this time, until April of this year, the school had essentially been a building site, with a phased growth, to a roll which is now just short of 1200 students.

Already, the school has a well-deserved and unparalleled outstanding reputation in the local community and across Milton Keynes. The Hazeley is popular and heavily oversubscribed; now accepting 240 students, each year, into year 7 (from well over 600 applicants) as well as up to 200 into year 12 (the sixth form was born in September 2009). By 2014, the school will be full with over 1500 learners, aged 11-19.

Now in its post-building phase, the new Headteacher, Mark Bennison working with the Governing Body, have put together an impressive three-year vision for the School to cover the period 2010-2013. This document will be made available via the website early in September 2010 (www.hazeley.milton-keynes.sch.uk). Four key themes run through this vision and within them, achievable but highly ambitious targets are set. These themes are: **Standards** (raising the bar and believing that all can succeed), **Personalisation** (meeting the needs of the individual learner), **Partnerships** (local, national & international collaboration & support) and **Innovation** (building a school fit for learners in the 21st century).

In its short life, The Hazeley School has already made its mark on the Milton Keynes educational landscape. Having been built in four phases, over five years has meant that a great deal of thought has gone into planning the infrastructure of the building; as a state-of-the-art centre of learning. The accommodation is truly outstanding. For its science specialism and sub-specialism, mathematics, both the facilities and the standard of provision are exceptional. In these subjects, alongside curriculum areas such as ICT, humanities, the creative arts, languages and others, the facilities are probably unparalleled in the locality.

Daily there are many visitors to the school. Be they prospective parents (there were over 900 visitors for the 2009 open evening), governors, inspectors, local authority officers, link-consultants, local business-people or overseas visitors, visitors always leave exceedingly impressed with what they see and hear. Some of the most frequently heard feedback includes: “a calm atmosphere”; “welcoming and friendly but hard-working”; “safe and happy”; “excellent relationships - a community feel”; “buzzing, busy and bright with a real sense of purpose and vision”. Students and staff are consistently reported as being very friendly and approachable; clearly very proud of their school. The personalisation agenda also shines through; young learners really are treated by all as individuals rather than one of a class or year group. They have their specific needs and preferences; these are met. They have their own starting points; these are recognised. They have their own dreams and aspirations; these are fought for. Indeed there is so much of which to be proud in such a short time and the school has really only just begun.

Fundamentals First

The Hazeley School puts fundamentals first. The basics: Community. Commitment. Achievement.

A ‘respect’ agenda is at play and is self-evident to any visitor.

Staff set the tone; actively demonstrating resilience, emotional intelligence and social responsibility and young people willingly follow their lead. Students wear their uniform with pride and arrive at school well-prepared and ready to learn. A can-do culture pervades. Punctuality is excellent and attendance at close to 95% and rising is well above local and national averages. At The Hazeley, students simply love coming to school. Whilst The Hazeley is innovative, pushing the boundaries of how a school might operate in the 21st century, there are clearly essentials that are so tried and tested as to be central to any successful school. Building outstanding relationships and a genuine community spirit are two of these. A zero tolerance approach to bullying, aggression and unlawful action is another. Exceptional planning, teaching and learning; our core business, is a third. The school is unambiguous in its stance to all of these. And in all these elements, it is clear that Hazeley means business. When asked why they are planning to return from year 11 to the Hazeley Sixth form, some of the student responses included: "this is a safe place - it's like a family", "they build the curriculum around us as students. You don't just fit into some sort of mould", "the teachers, heads of department and the support staff are just awesome!", "the facilities are fantastic". The same sentiments could have come from students in any year group.

A holistic education is provided at The Hazeley. The concept of the whole child is central to the vision; students’ intellectual, emotional, social and moral development have equal weightings. Even though the school will position itself in the top of the league tables for achievement in Milton Keynes, The Hazeley is not about achieving outstanding results just to make the school look good and it quite explicitly does not compromise either the curriculum or student choices and pathways to achieve that. The Hazeley School is all about preparing its young people to be very successful in a fast-changing and increasingly less predictable, adult world. Everything the school does supports this goal. It is witnessed in the ways that the school nurtures the independent learning skills of students and in how they guide and support youngsters in making good choices. It was no wonder that as with so many features of this young school, Ofsted, when they visited in November last year found the care, guidance and support offered to learners at The Hazeley School to be truly outstanding. The most recent visit by a trained inspector, their school improvement partner (SIP), also judged the school’s curriculum and its leadership to be outstanding as well as their capacity to improve even further.

Open Evening

Parents/carers of prospective students for September 2011 are invited to attend our Open Evening which this year will be on **Thursday 7th October 2010 from 6pm.** There will be an address given by the Headteacher and an opportunity to visit all parts of the school and to meet staff and existing students.

Leading the Way

Examination results are critically important at The Hazeley School. Raising the standards of achievement of the students from an already good starting point was central to the mission of the Headteacher, Mark Bennison, when he arrived in September 2009, with a track-record of raising standards and transforming schools

The Hazeley's most recent key stage 4 examination results, just published last week, illustrate this well. The percentage of students achieving five or more higher grade (A*-C) GCSE passes increased by **over 30%** to **91%.** The percentage of students who achieved five or more higher grade passes including English and mathematics increased from 60% to **70%**. with **94%** of students now getting two or more passes at higher grades in the sciences and a 98% A*-C equivalent pass rate in double award ICT (58% of this cohort achieved two A*A* grade-equivalents in ICT). **79%** gained the highest grades in GCSE English and **73%** in GCSE mathematics, The Hazeley School really is setting a new benchmark in Milton Keynes for standards at key stage 4 and with even more remarkable results on the horizon in 2011 and beyond, the school is set to achieve attainment levels never before witnessed in the city. Most importantly, the school emphasises the achievement of exceptional results, first and foremost, in the core subjects of English, mathematics, science and ICT. Although, because the sixth form is only one year old, the school has no published A level results, early indications from AS level examinations are really encouraging with a significant proportion of our students well on course to achieve and exceed very challenging targets.

The school believes that these success measures and the rising trend of exceptional outcomes at The Hazeley is simply down to prioritising what really matters most; what goes on in the classroom day-in, day-out. The standards of teaching and learning. The school invests in these as a priority. Throughout 2009/10 and into this year, senior and middle leaders in the school have worked closely with a nationally renowned organisation by the name of Glowinkowski (tm). This team of coach-trainers and executive leadership coaches have worked very successfully with leadership teams in the corporate sector and also in education. The Headteacher, Mark Bennison brought in lead consultant, Ian Wigston, first of all to train as coaches a number of our most consistently outstanding teachers, to subsequently work alongside teachers who were teaching consistently good lessons but aspired to be exceptional in the classroom. Early indications of the success of the coaching programme "From Good to Outstanding" are really encouraging, with over a third of lessons observed in the summer term being judged outstanding and transformation being witnessed in the work of all of those being coached. Three of these coaches were put forward in the summer term to be assessed by a national team of assessors, for Advanced Skills Teacher (AST) status. The Headteacher, himself an AST, commented, "All three were successful first time around. Their capability and commitment is illustrative of the raw talent that exists across the staff as a whole. Everyone in the school gives more than you could possibly ask of colleagues; from the reception and administration teams, site services, library and support staff through to heads of year, teachers and leaders,. The school is truly blessed with dedicated staff, enthusiastic and talented students, alongside very supportive parents, carers and Governors."

The work with Glowinkowski (tm) moves into another exciting area as the school starts to develop the "Hazeley Academy of Leadership". The school believes in creating a climate where there are clear and well-articulated, shared values and a common vision where talented middle leaders are being coached for succession into senior leadership. Opportunities are created to meet the needs of a growing, increasingly complex school and these opportunities retain outstanding staff. Annual staff turnover is extremely low. The evolving staff structure reflects a culture of building-succession. Almost nothing matters to young people quite so much as a high degree of consistency and stability. The Headteacher believes that for a school to move through outstanding, to 'great' or to 'world class' there must be a complete buy-in to a vision from all stakeholders. Because of this core belief, the school consults widely on strategic issues. And there exists a model of distributed leadership, with four strategic leadership groups, open to all, operating at The Hazeley. This ensures that, whist it is for the Headteacher and the Governing Body to articulate the vision, all stakeholders must have a voice in dictating the future of the school. All staff, parents & carers and of course, students.

Innovation

The Hazeley School and Sixth Form cost in excess of £30 million to put on the map.

The exceptional facilities and their creative use, demonstrate that this was public money well spent. This was a school that came into being in the 21st century and whilst not losing sight of traditional values the school places them in a modern setting. The leadership teams do not fool themselves into believing that they can carry on doing just what schools have done for decades and still guarantee to truly prepare young people for success in a new global, information age. First of all the school puts a great emphasis on securing core learning; literacy, numeracy, ICT and science and learners achieve in these areas to the highest level. They also work to develop other key competencies through their learning programmes: public speaking, team work, leadership, resilience, resourcefulness, emotional and social skills, independence, networking with others and a love of learning. The world changes so fast, only one thing is thought certain about learning in the 21st century. Learning will be something future citizens of this age will have to be doing all the time. They will be learning and relearning, re-inventing themselves in their work and leisure throughout their lives. Students acquiring high level skills in creativity and enterprise is an ever-present theme, running throughout the work at The Hazeley. In 2010, for the first time in over 10 years, a Milton Keynes sixth form school team got through to the south-east national finals of the Young Enterprise competition, beating the regional grammar schools that traditionally go forward. That school was The Hazeley School.

In addition to their nationally outstanding results at Key Stage 4 ICT, their work more broadly in the use of technology is exceptional. Their e-learning platform, based on Fronter (tm) allows students to complete tasks, submit work, engage in discussion and explore whole courses in school and in their own time. In secondary schools in the area the school is blazing a trail with e-learning. Their online parent portal OPERA, will launch in September 2010 offering year-round reporting of attainment and progress, celebration and concerns to parents and carers, in real-time. For rewarding success, the now nationally recognised online rewards platform, VIVO Miles, originally the brainchild of the Headteacher, Mark Bennison and developed further by Deputy Headteacher Rod Boswell has taken off at The Hazeley. Students collect Vivos (each worth a cash-equivalent of 1p) as credit for exceptional effort, work, achievement and hospitality. In this scheme, funded entirely by revenue from site lettings, students save up to buy items to help with their study, sport or other leisure. Others save up and give the proceeds of their success to charity.

A World Class School – working with others

As Milton Keynes increasingly positions itself as a new 'city' with a window to the world it is appropriate that our schools do the same.

At The Hazeley, a growing number of links are being made with schools around the world.

Being the only school in Milton Keynes running the International Baccalaureate Diploma Programme in the sixth form offers a starting point for this international agenda. The International Baccalaureate Diploma Programme is designed as an academically challenging and balanced programme of education, fit for the 21st century with final examinations that prepares students, normally aged 16 to 19, for success at university and life beyond. The programme is normally taught over two years and has gained recognition and respect from the world's leading universities.

In the IB Diploma Programme students study six courses at higher level or standard level. Students must choose one subject from each of groups 1 to 5, thus ensuring breadth of experience in languages, social studies, the experimental sciences and mathematics. The sixth subject could be an arts subject chosen from group 6, or the student may choose another subject from groups 1 to 5.

In addition to this broad curriculum, the programme has three core requirements that are included to extend their experience and challenge students to apply their knowledge and understanding.

The extended essay is a requirement for students to engage in independent research through an in-depth study of a question relating to one of the subjects they are studying.

Theory of knowledge is a course designed to encourage each student to reflect on the nature of knowledge by critically examining different ways of knowing (perception, emotion, language and reason) and different kinds of knowledge (scientific, artistic, mathematical and historical).

Creativity, action, service requires that students actively learn from the experience of doing real tasks beyond the classroom. Students can combine all three components or do activities related to each one of them separately.

The Diploma Programme has got off to a fantastic start at The Hazeley School with 16 students having now completed the first year very successfully and a new group beginning the programme in year 12 this September. To find out more, contact Deputy Headteacher Vanessa Stanley at the school.

The Pavilion

In September 2010, we open the International Boardroom in our state-of-the-art Pavilion.

Doubling up as one of four main sixth-form spaces during the school day, the Pavilion, pictured here, also includes a commercial kitchen and restaurant space – an ideal venue for seminars and business meetings. This space, alongside others in the school is growing in popularity to be booked by individuals and groups for community activities outside of school time.

Contact the school's Finance Manager, Jo Wright, for details on booking this or other facilities in the school. (jwright@hazeley.milton-keynes.sch.uk)

right place – right time?

Choosing the right place to study can be as big a challenge as any.

OK, there are no exam papers to struggle with and no time limit on completing your written answers but this is your future that's in the balance and, just as with choosing your degree subject or future career, it all comes down to what you feel comfortable with. So it's important to get it right.

Some people don't get the choice; they get one offer and accept it and fingers crossed, it will turn out alright on the night. But if you're lucky enough to be able to choose where you go, consider your options carefully - you'll be spending at least two or three years of your life there. Of course, what's important to you may not be important to the next person.

You may be particularly concerned about the quality and reputation of the college or the facilities it has to offer.

Location will be important for others; is it in a city or rural location? Is it near your friends and family? Is it an expensive place to live? Course availability is another factor for many and may well narrow down your options. Though some UK universities are better known than others, both in the UK and overseas, the most important consideration is what is best for you.

Be cautious about newspaper rankings of institutions; the information newspapers use is usually very selective and, as a result, only tells part of the story. Remember, there can never be a definitive 'best of' list, whether for universities, music or cars.

We're all different and so are they. Vive la difference!

Apprenticeships

Milton Keynes COLLEGE

Milton Keynes College has over 20 years' experience in apprenticeships and with around 500 young people annually taking advantage of the opportunity to earn while they learn, there is no better place to undertake an apprenticeship.

Milton Keynes College offers apprenticeship training, including:

- accountancy
- active leisure & learning
- bricklaying
- business & administration
- plumbing
- children's care, learning & development
- customer service
- electrical installation
- engineering
- hairdressing
- hospitality & catering
- information technology
- marketing
- site carpentry
- team leading
- vehicle maintenance & repair.

Getting paid while you learn might sound too good to be true, but as an apprentice you really do get the best of both worlds. While you're studying for your qualifications, you'll be able to get hands-on experience.

There are two levels of apprenticeship, level 2 and level 3. A Level 2 Apprenticeship will typically run from 12 to 25 months. At the end of the programme, you will achieve an NVQ Level 2 qualification along with a Technical Certificate and Key Skills, making up the apprenticeship framework.

The Level 3 Advanced Apprenticeship can take up to two years. At the end of this programme, you will achieve an NVQ Level 3 qualification along with a Technical Certificate and Key Skills.

For more information and a copy of our apprenticeships pack, please call **01908 684444** or email:

Returning to learning

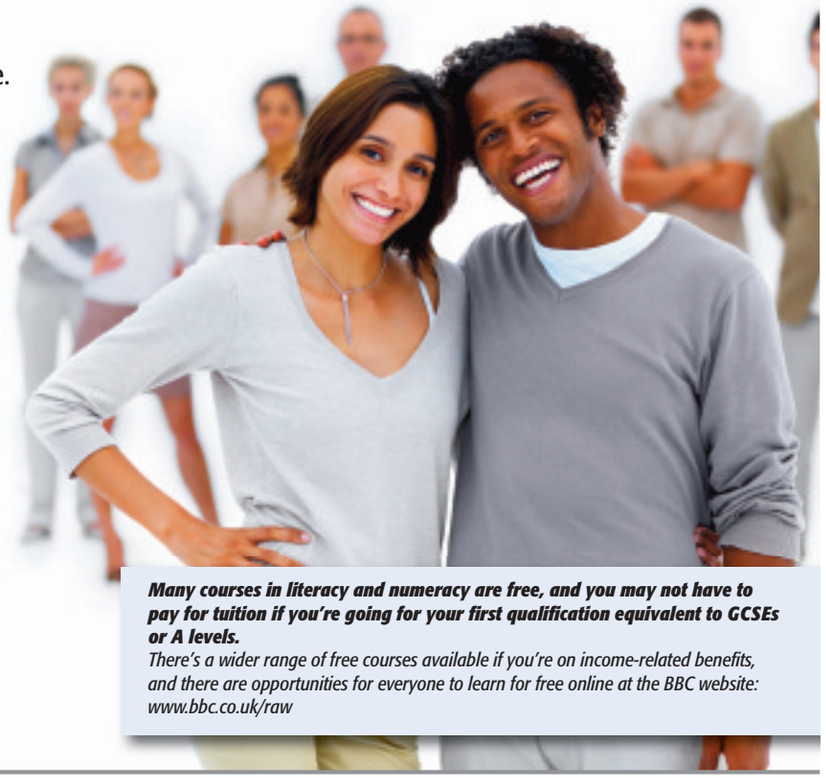
School days - 'the happiest days of your life?' Sadly, not for everyone.

But if you slipped through the education net first time round there's another chance for you to gain skills and qualifications that can help open up new options for work and further study or just make everyday things - such as helping your child with their homework - easier.

Improving your reading, writing and number skills can give you confidence you never knew you had.
There's a wide range of courses you can take to help boost your skills. Some of these can lead to a qualification.
You'll be able to learn in your local area, and in a way that suits your lifestyle: part time, full time, during the day or in the evening. And you'll be with other like-minded adults. It's not at all like being at school.

If you are not sure whether you can commit to a full course it's worth checking if your local learning provider runs 'taster' courses.

These are short courses which let you practise your reading, writing and number skills, and give you an idea what a longer course would be like.
BBC RaW (Reading and Writing) can help you boost your skills through online activities such as games, quizzes and tests. You can also find out about your nearest RaW centre - this could be your local library or learning centre. You can get help with RaW online, take part in activities and share your experiences with others.
Some employers are keen for their staff to develop new skills. If you are in work it is possible that you may be eligible for free training relevant to your job - for example through an apprenticeship, the Train to Gain scheme or the learndirect Learning through Work Scheme.
If you're looking to get back into work, you may be able to take part in the New Deal or other programmes for unemployed people.
If you want an informal and confidential chat about improving your skills, call the government funded Get On helpline on: 0800 66 0800 Lines are open from 8.00 am to 10.00 pm, seven days a week.



Many courses in literacy and numeracy are free, and you may not have to pay for tuition if you're going for your first qualification equivalent to GCSEs or A levels.
There's a wider range of free courses available if you're on income-related benefits, and there are opportunities for everyone to learn for free online at the BBC website: www.bbc.co.uk/raw

Retraining

Millions of adults are going back to college to retrain in an attempt to survive the credit crunch, according to research commissioned by the Association of Colleges (AoC), London.

Those made redundant or who fear for the future of their jobs are at the forefront of the drive to upgrade skills. A fifth of adults intend to gain further qualifications in the next year, and a third of those want to do so because of the economic downturn. Some colleges are already reporting increased enrolments.

The survey by YouGov questioned more than 2,000 adults and from their responses arrived at these conclusions to make them representative of the English population. It found that 8.4 million people had switched career in the past three years, and that 3.2 million workers aimed to do so in the next year.

More than eight million adults were making plans to "skill up" in the next year. Money was a powerful deciding factor for almost two fifths of respondents.

David Collins, president of the AoC, said: "The economic situation will trigger people to reassess their situation and make bold decisions."

You'll probably have to get new knowledge and skills to make the change. But even if you're trying to get into the same type of work as before, updating or broadening your skills is still a good idea, because it:

- can add another string to your bow
- shows you can take care of your own learning and development
- proves you're a motivated, positive individual.

Training courses are run at colleges, universities, private course providers, advice centres and adult education centres. If you're not working you may get help with the fees. If you can't commit to a regular timetable and want to work at your own pace, you could do a distance learning course.

Teaching

Whether you're just starting out in your career or wanting a complete change - there are many ways to get into teaching. If you're a good communicator and are enthusiastic about helping people develop their skills, why not look more closely at a teaching career? The type of route you choose will depend on who you want to teach and what you enjoy doing. You can even train on the job, which might suit you if you want to enter teaching as a second career.

Did you know?

Newly qualified teachers (NQTs) in England could receive a starting bonus of up to £5,000. You could be eligible to receive a golden hello payment of between £2,500 and £5,000 if you complete a postgraduate initial teacher training (ITT) course and take up a permanent position in a maintained school or non-maintained special school in England.

What is a golden hello?

Golden hellos are taxable, one-off payments made at the start of your second year of teaching, after you successfully complete your induction period and subject to eligibility criteria.

Mind the gap!

Because whatever you do and wherever you go, whether you call it a gap year, time out or year out, you should remember three things:

- Read up on local laws and customs to avoid offending people or breaking local laws, however unwittingly.
- Check out the FCO Know Before You Go Travel Advice or call 0870 606 0290.
- Ensure you seek travel health advice and visit your doctor for appropriate vaccinations.
- Get the most up-to-date travel advice for the country you are planning to go to by visiting the Foreign & Commonwealth Office (FCO) website.

But what exactly is a Gap Year?

A 'year' is precisely 365 days.
Whenever you take time out from the normal pattern of your life to do something completely different, that's a gap.
So what are you looking for? Adventure and taking a rest from education? Or are you considering a career break? Perhaps you are a mature traveller or early retiree and you're looking for purposeful travel, new experiences and sharing your skills as a volunteer.
There are no barriers with a gap year.
You could be 18 or 58.
You could be travelling to exotic destinations like India, Thailand, Asia, to Europe or the USA, or exploring closer to home in the UK.
But wherever you decide to go and however long you choose to go for it is crucial to do your research properly before you commit your time and money.
There are lots of organisations offering gap year opportunities, some well known and others less so. This list of questions will help you to ensure the organisation is legitimate and meets your needs.

- *What is the precise programme cost and what does it cover?*
- *What is the recommended budget for extras?*
- *If I have to pay a deposit, is it refundable?*
- *When and how do I pay? What happens if I cancel?*
- *If I have to raise funds, does the organisation give advice?*
- *How is the programme run and who is responsible?*
- *Is it a registered charity, sole trader or private company?*
- *What exactly will I be doing?*
- *Can I chat to past participants?*
- *Will the programme continue after I have left?*
- *What will my responsibilities be?*
- *Will there be a local contact available?*
- *What emergency procedures are in place? For example, Repatriation in time of crisis.*
- *What are the meal and accommodation arrangements?*
- *Will I be placed with a local family or with other students?*
- *Just remember, you may have finished school but if you have longer term plans to live and work abroad, do your homework.*

Eating out

If you are spending your gap year abroad - particularly if you are in one of the more remote regions of the world - remember to be realistic and expect local food not culinary masterpieces, pizza deliveries or mum's shepherd's pie!

Evening classes

How many times have you said: 'Next time I go on holiday I'd love to be able to speak the language...

...you know, just enough to get by.'
Or: 'I used to love doing art at school but I haven't picked up a paint brush in years.'
Or even: 'If only I'd concentrated a bit more in maths lessons (and a bit less on what was going on outside the window) I might be able to make sense of my tax return.'

Learning a new skill often brings with it new confidence and a self-reliance that comes with overcoming a challenge. But the subject matter doesn't have to be of everyday practical use such as a computer course. Taking up ballroom dancing, Tai Chi, floristry or golf can provide as a great a sense of achievement as mastering Ancient Greek as long as you are hungry to learn and if a completely foreign skill can be mastered then you know that you are well-prepared for any old challenge life may throw at you.

Vampires go to college!

One of the UK's most unusual training courses was recently launched in Milton Keynes.

Geopace Training, established by experienced phlebotomists (people who take your blood in hospital or GP surgeries) combined their teaching and training background to develop a comprehensive two-day course to train anyone (irrespective of background or qualifications) to help them start on a career in allied health care.

With a UK national shortage of phlebotomists, as well as jobs overseas and at military bases, opportunities abound. The course combines practical sessions with theory to cover all aspects of the basic training required. Launched in May this year, all dates for the first three months sold out within 48 hours.
As course director, Ivan Brenlow pointed out "There are now very few avenues for people with no previous medical background or qualifications to enter the healthcare profession. This, coupled with the fact that available jobs are both part-time or full-time, meant that we are getting bookings from all walks of life. Some are using our course as a stepping-stone to a possible laboratory career, others are previous healthcare workers looking for a change of direction."

So far Geopace Training has trained at Bedford Hospital, Milton Keynes and Luton/Dunstable, and is set to start running courses in Northampton, Aylesbury and Watford soon.

So, you had better watch your neck on 31st October this year. With so many new students taking blood, Halloween may never be the same again!

ROUND three of the National Street Entertainers competition takes place at thehub:mk on Saturday.

All round entertainer and comedian, Tim Bat will compere the competition and will also perform one or two of his amazing tricks and stunts.

Taking time out from his busy worldwide schedule to take part in the competition will be Tod Cody who is descended from four generations of the famous Wild West Show Family.

Tod has hosted many rodeos and Western shows and he tours throughout the world.

Tod is the man responsible for putting together the action sequences in many TV Westerns and films and is also a technical adviser and tutor of Wild West skills to some of our most famous movie stars.

His fast moving show, with a strong emphasis on audience participation and interaction provide excellent all-round family entertainment with rope lassoing, whips and knife throwing all part of this dynamic act.

Tic Toc Man offers great entertainment and interaction for all the family. A real life-sized mannequin soldier who slowly comes to life – this act is not just a wind up.

Meet Dora Dare and her lazy husband Dan; the line up in LiNe uP. Victims of the recent credit crunch, they have lost their house, but not their smile! Bletchley £159,950

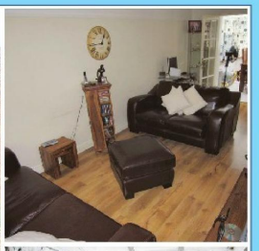
One of two semi detached properties constructed in 2007. Deceptively spacious accommodation includes two double bedrooms, an 18' lounge with bay window and open access to a fitted kitchen/diner and a downstairs cloakroom. It has been rented out since new but is being sold with vacant possession.



Potterspury £164,995

An extended two bedroom semi detached property offered for sale in very good condition with no upper chain. The property has a refitted kitchen and bathroom and is double glazed. There is a conservatory added to the rear of the 19ft lounge with doors going out to the garden and off road parking to the front for at least 3 cars.The accommodation briefly comprises: entrance hall, lounge, kitchen, breakfast room, conservatory, two bedrooms, bathroom, rear garden, off road parking.

Deanshanger £164,995

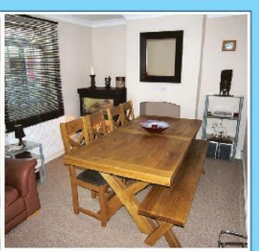
A two bedroom semi detached property offered for sale in excellent condition. It is approached via a private driveway which also leads to a garage and off road parking. The property has a downstairs cloakroom, a fitted kitchen and PVCu double glazing.

Bradwell Common £249,995

A four bedroom detached property situated on a corner plot within a cul-de-sac. The property is well presented with PVCu double glazing and a recently refitted ensuite shower room. There is an integral garage, a downstairs cloakroom and wardrobes in three of the bedrooms. The kitchen has been refitted and knocked through into the dining room to create a large kitchen/diner.

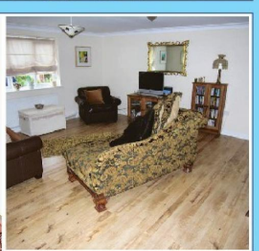
Bradwell £114,995

A one bedroom end of terrace property. The property has had PVCu double glazing installed and both the kitchen and bathroom have been refitted. There is an enclosed garden and off road parking. In our opinion an ideal first time or buy to let purchase.



New Bradwell £155,000

A well presented Victorian style mid terrace property. Situated in a no through road within this established area. The layout has been altered and extended to create a more contemporary feel. There is a refitted kitchen, a first floor bathroom with separate shower and a separate dining room. The loft has been boarded and had velux style windows installed. It is currently used as an exercise room. Further benefits include PVCu double glazing, a breakfast area and an enclosed garden.

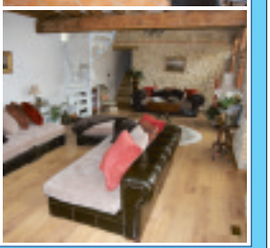


Medbourne £184,995

A three bedroom ground floor apartment. Accessed via communal entrance which serves just two other apartments. The accommodation features a large open plan lounge/dining/kitchen area with double doors leading onto the communal garden area. There is also an ensuite shower room and a larger than average garage located adjacent to the apartment.

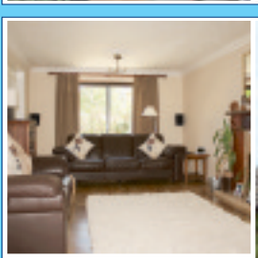
Wolverton Mill £200,000

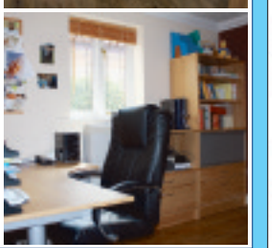
A four bedroom townhouse built by Messrs Bloor Homes in 2006 and offered for sale in very good condition. The property has two ensuite shower rooms as well as a family bathroom and downstairs cloakroom. The kitchen/diner has built in appliances, a tiled floor and French doors to the garden.



Nr Hanslope £645,000

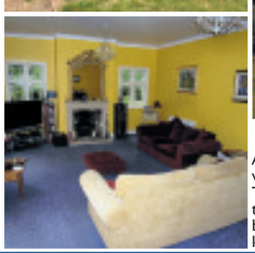
A barn which has been painstakingly converted by a local builder for his own occupation. The property has virtually been rebuilt using reclaimed, stone, brick and timbers from the original site. It is in a secluded position, approached via a bridleway along with a small number of other farmhouses/barn conversions. Set amongst open countryside with stunning views back towards the equestrian centre and church spire. The finish is of the highest of standards with zonal under-floor heating, granite worktops and oak internal doors.





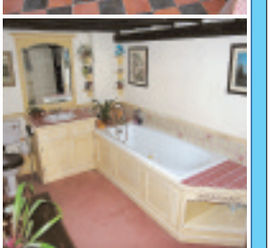
Deanshanger £325,000

A four bedroom detached property offered for sale in excellent condition and situated in the highly desirable village of Deanshanger. The property has three separate reception rooms all laid with Amtico flooring and a kitchen/breakfast room with built in appliances. Upstairs there are 4 bedrooms, three of which have built in wardrobes with the master having an ensuite shower room as well. To the front there is a good sized block paved driveway which leads to the detached double garage.



Aspley Heath £995,000

A substantial detached property situated at the end of Church Road, diagonally opposite the woods. The current owners have extended the property to create versatile accommodation. There is potential for a ground floor annexe and a first floor bedroom suite comprising of three rooms and a shower room. A refurbishment programme has been started with all bathrooms having been refitted. There is however scope for further improvement with the kitchen in particular having potential for enlarging and refitting.



Fenny Stratford £595,000

Grade II listed former farmhouse believed to date from the 17th century with later 18th century additions. Manor Farm is set on a plot of approximately 1/3rd acre including large lawned garden with a southerly aspect. Carefully maintained and retaining much character to include exposed beams and leaded light windows. The ground floor accommodation includes four separate reception rooms, all accessed via the entrance hall which opens out into the kitchen. A delightful family home which is worthy of an internal viewing and having the fantastic benefit from being within walking distance to Bletchley train station.

NOTICE OF MAKING OF PUBLIC PATH ORDER

TOWN AND COUNTRY PLANNING ACT 1990

CENTRAL BEDFORDSHIRE COUNCIL (BARTON: PART OF FOOTPATH NO 9) PUBLIC PATH DIVERSION ORDER 2010

Central Bedfordshire

The above Order made on 20 August 2010 under Section 257 of the Town and Country Planning Act 1990 if confirmed will divert part of Barton-Le-Clay Footpath No 9 from crossing north westerly through a small grassed development site to running northerly through a housing development, as shown on the Order plan.

Under section 257 of The Town and Country Planning Act 1990 "a competent authority may by order authorise the stopping up or diversion of any footpath, bridleway or restricted byway if they are satisfied that it is necessary to do so in order to enable development to be carried out".

The land over which this part of Barton-Le-Clay Footpath No 9 passes has been granted planning permission to build 14 dwellings and No 3 Longcroft Drive has also been granted planning permission to build an extension to the side of their house, (CB/09/06989/FULL and SB/TP/08/0207). The Public Footpath would be obstructed by both developments unless it is diverted to a new line. Central Bedfordshire Council consider it necessary to divert the footpath in order to allow the two developments to take place.

The new length of Barton-Le-Clay, Footpath No.9 to be created will have a width of 2.0 metres.

A copy of the Order and the Order map have been placed and may be seen free of charge at the offices of Central Bedfordshire Council, Countryside Access, Technology House, Ampthill Road, Bedford MK42 9QQ between 9.00am and 5.00pm on Mondays to Thursdays and between 9.00am to 4.00pm on Fridays. Copies of the Order and map may be bought there. An explanatory statement can be obtained by phoning 0300 300 6249.

Any representations or objections relating to the Order must be sent in writing to the Orders and Commons Registration Officer, Countryside Access, Central Bedfordshire Council, Technology House, Ampthill Road, Bedford MK42 9QQ not later than 8 October 2010. Please state the grounds on which they are made.

If no such representations or objections are duly made, or if any so made are withdrawn, Central Bedfordshire Council may confirm the Order as an unopposed Order. If the Order is sent to the Secretary of State for Environment, Food and Rural Affairs for confirmation any representations and objections which have not been withdrawn will be sent with the Order.

Date 25 August 2010

David Leverington, Rights of Way Team Leader
Technology House, Ampthill Road, Bedford MK42 9QQ

MK Dons assistant manager JOHN GORMAN writes exclusively for MK NEWS every week

I CAN'T gloss over the defeat at Carlisle.

I thought we were the better side for 40 minutes, but the decision not to send off Ian Harte turned the game.

It fired up the home crowd, you could hear the aggression in the fans, and that fired up the Carlisle players.

If you can take a positive out of a 4-1 defeat it is that we didn't allow our heads to drop – Peter Leven got his goal, and in fairness we should have nicked one or two more.

Karl getting sent to the stands after their first goal didn't make too much difference if I'm honest.

We were in contact throughout and sometimes it's better if you have someone watching in the stands because they can see things we might miss on the touchline.

I thought it was petty from the fourth official to call the referee over for something as minor as kicking a bottle, he didn't really connect with it either, if he had it would have hit me!

We can't be too downbeat about the result, after all there have been a few odd ones recently just look at all the 6-0s in the Premier League.

Now we have to put that game to bed and concentrate on Swindon Town on Saturday, which will be our first home league game of the season.

I have very fond memories of my time at Swindon, I was assistant to Glenn Hoddle when we got promoted to the Premiership, which was my highlight.

I was manager during the year in the Premiership, it was a hard season. We knew after the first game that we were going to be relegated.

At that time you didn't get any money for promotion and there was a lot of doom and gloom at the time.

We've had Swindon scouted and by all accounts their two draws could have both been wins so we won't be taking them lightly.

Danny is a good friend of ours and obviously used to be the manager here so we're looking forward to the game.

Golden smiles

down the decisive goal.

The Dons were bright and brought the game alight with Baldock finding the net less than a minute after kick-off.

Baldock's timing was impeccable as he latched on to a long ball from Sean O'Hanlon, rolled off the shoulder of Dekel Keinan and stunned stadiummk with a right-footed finish from just inside the box.

By the tenth minute Dons could have added a second, although Angelo Balanta dragged his shot from Luke Chadwick's pass just wide of Mark Halstead's right post.

David Martin's first real stop of the night was a simple one as Ishmel Demontagnac wasted a free-kick down the right channel by firing straight at the Dons goalie.

Dean Lewington stretched the Seasiders' fullback Neal Eardley, whipped the ball in at pace from the byline yet this time Baldock, a matter of yards from goal, couldn't find the killer touch.

Ten minutes before the break Baldock could have had a hat-trick as his third clear-cut opportunity of the night finished with a scuffed effort falling in to the arms of a relieved Halstead.

There were warning signs for the Dons not to let Blackpool take control when, five minutes after the interva,l the visitors had an Ormerod goal ruled offside.

But moments later Ormerod had his equaliser with an acrobatic effort from Neal Eardley's cross.

That goal sparked a frenzy of activity – Easter was first provided a route through to goal by a perfectly timed ball from Balanta and Easter shrugged off the recovering defender to slot beyond Halstead.

Dons next attack ended in the same fashion as Easter, assisted by Baldock, expertly made it 3-2.

The noise at stadiummk reached a deafening level but the Cowshed were quickly silenced when the Seasiders continued their fightback by hitting a second goal a minute later. Sylvestre's free-kick from the left of the area evaded everyone in the Dons box and a late bounce had Martin beaten.

Dons' Mathias Couo-Doumbe gets up ahead of Brett Ormerod

And then a needless push on Ormerod by skipper Lewington allowed Blackpool to draw level from the penalty spot.

Substitute Charlie's cool spot-kick had Martin fooled and left both sides gunning for a winner in nine minutes. Both had chances to win it in normal time – Blackpool had a goal ruled offside and an effort cleared off the line by Danny Woodards, while Peter Leven hit the post with a late free-kick.

But the game was settled in extra-time.

Jabo Ibehre had an effort cleared off the line by Danny Coid before Guy found the all-important fourth as he ran on to Easter's flick-on to pick out the bottom corner.

The third round draw is made on Saturday.

COMING UP

SWINDON TOWN

League One

Saturday, August 28

stadiummk KO 3pm

SWINDON'S play-off final hangover has seen them pick up just two points from their opening three games.

Having lost out to Millwall for a place in the Championship at the end of May, Swindon have had a summer of reshuffling and rebuilding. They lost 29-goal Billy Paynter to Leeds United, leaving Charlie Austin to lead the attack with Vincent Pericard and David Ball hoping to weigh in with some goals, while captain, and heart of the Town defence, Gordon Greer jumped ship to promotion hopefuls Brighton and Hove Albion.

Former Dons boss Danny Wilson will be looking for his Swindon charges to start racking up the points to keep up with the hunt for a place in the Championship.

Boss banished to stand as Carlisle crush Dons again

CARLISLE UNITED 4 MK DONS 1

DONS boss Karl Robinson shouldered the blame as his side fell to a crushing defeat at Brunton Park.

Carlisle away is quickly becoming MK Dons' least favourite fixture having lost their 5-0 last season, and blowing a two goal lead to be beaten 3-2 in 2008/09.

An explosive ten minutes before the break saw Ian Harte go unpunished for a clash with Jermaine Easter, which infuriated the visitors, Francois Zoko open the scoring, Robinson sent to the stands for kicking a water bottle, and James Berrett strike to give Carlisle a 2-0 lead at half-time.

The wheels then came off in the second-half when an unmarked Gary Madine converted a third following superb work from Zoko in the build up.

And the Ivory Coast-born striker had a hand in the fourth which was turned in by Tom Taiwo.

The Dons did manage to grab a consolation through Peter Leven's 35-yard effort, but the damage had already been done.

And rather than tear in to his players Robinson said: "I'll take responsibility for it. I got things wrong maybe and I'll learn from them and come back stronger.

"I shouldn't have kicked the water bottle and get sent off. Maybe me doing that riled the players and they scored in that period while I was sat in the stand.

"We had a good chat in the dressing room afterwards and it was a big learning curve for us."

Rutherford wins Delhi games place

GREG Rutherford has been selected as one of the 100 athletes to represent England at the Commonwealth Games in Delhi.

The Marshall Milton Keynes Athletics Club long jumper has been named alongside Chris Tomlinson.

Rutherford, 23, currently holds Britain's long jump record for a leap of 8.30metres.

Last month he missed out on the European Championships in Barcelona due to a foot injury.

His MMKAC team mate Craig Pickering missed out on the cut for the 100 metres and 4x100m relay team.

MK's table tennis star Andrew Baggaley had his place on the plane confirmed a number of weeks ago, while badminton stars Chris Adcock, Nathan Robertson, Mariana Agathangelou, Elizabeth Cann, Jenny Wallwork and Gabby White, all MK residents, will also represent England.

F1 back in Belgium...

A MONTH after the engines stopped and factories were placed on shut-down the sound of Formula One cars will roar again.

The F1 mid season break is over and MK-based Red Bull Racing will reignite their charge for the championship title.

Mark Webber leads the drivers' standings with 161 points, just three points ahead of McLaren's Lewis Hamilton, while team mate Sebastian Vettel is in third place with 151 points.

The intensity will rise another level on Sunday at the Belgian Grand Prix as the countdown clock ticks with only six races left in the season.

Practice takes place on Friday, qualifying on Saturday, and the race will begin at 1pm on Sunday.

... and so are the karts

SAMUEL Oram-Jones showed impressive pace at the Formula Kart Stars (FKS) meeting at Genk, despite having to get to grips with a new kart.

Oram-Jones, who races in the FKS MiniMax class for 11-16 year olds, was forced to get a new machine for the trip to Belgium.

The MK youngster took eighth in the round seven final of the series, showing good pace by setting the second quickest lap overall and the best time in sector three.

Oram-Jones had to battle against the odds in round eight after being disqualified in the heats after his kart was under the minimum weight.

He is confident of a top-five finish in the 2010 standings.

Free golf at Woburn

NEXT weekend's Woburn Senior Masters will allow some old masters a chance to show off their skills, but rookies can also play the game for free at the event.

International Golf Development (IGD) will provide a feast of golf at their Interactive Golf Zone and on the Start New At Golf (SNAG) golf course.

The Interactive Golf Zone will be open September 3-5 from 9am.

MORRANTS FOUR COUNTIES Division One

LEAGUE leaders Cublington beat Milton Keynes City to move 24 points clear of second-placed New Bradwell.

After racking up 211 runs for the loss of eight wickets Cublington then tore through the City line-up to dismiss them for 63.

The convincing 148 run victory earned Cublington 30 points.

Newport Pagnell suffered a five wicket defeat at the hands of Elstow to remain second from bottom in the table.

Elstow ended their innings with 133-5 on the board, and then bowled Newport Pagnell all out for 131 to clinch victory.

Eaton Bray picked up their tenth win of the season at home to Studham.

Batting first, Bray set a total of 182 all out for their guests to chase, but managed to claim all ten wickets for 161 runs to send Studham to a 21 run defeat.

CHERWELL LEAGUE Division One

BLETCHLEY Town are in seventh after a three wicket win at home to Oxford II.

James Ward top scored for Bletchley with an unbeaten 61, which was supported by 40 from Kelvin Hollis, as Bletchley set a target of 203-7.

The total proved too much for Oxford who fell apart thanks to the bowling of Tom Jaraslafsky who claimed 6-46.

Oxford were all out for 143.

LEWIS Guy netted an extra-time winner to dump Premier League Blackpool out of the Carling Cup, and fired MK Dons in to the third round for the first time since 2006.

Carling Cup - Second Round

Guy, on as second half substitute, grabbed his first ever Dons goal in the 110th minute in a seven-goal thriller last night to set up a possible meeting one of top flight's European playing sides who now enter the competition.

Dons almost sealed victory in normal time thanks to Sam Baldock's first minute strike and Jermaine Easter's second-half brace sandwiched either side of scores from Brett Ormerod and Ludovic Sylvestre in a breathless ten minute spell.

But Charlie Adam's penalty eight minutes from normal time took the game into extra-time where Dons managed to hunt

Homeless Lions keep up signings

THE search for a home continues for MK Lions but that has not stopped them in their summer recruitment.

Yesterday Lions confirmed Travis Nelson, 23, as their latest signing for the 2010/11 season.

Travis Nelson

The 6ft 11ins American, a graduate from Minnesota State, joins point guards Kris Clark and Stefan Gill as Mike New's new recruits for the campaign which begins late next month.

Lions now know their first three home games will be played at Stoke Madeville Stadium after receiving dispensation from the British Basketball League.

The basketball club are currently in the middle of negotiating with two different venues in the city.

MK NEWS understands Lions are continuing to look at the former Sainsbury's site at the food centre in the Theatre District,, while the other venue is on the outskirts of Central Milton Keynes.

Owner Vince Macaulay, uncertain as to when arenamk – which is next to stadiummk – will be ready, is hoping to tie down a possible three-year-deal.

Macaulay said: "I'm in a positive mood because we have options. Two weeks ago we didn't have options and there was a possibility we might have to look outside Milton Keynes but we don't want to leave. I'm looking at securing a three, possibly even four year, deal because I just don't know when the arena is going to be complete. This way we might have some stability."
